Thanks a lot guy for the  
initiation and for all that  
Stuff you've left in my pockets!

To All  
From Vlad Zin Shadowson  
During my prolonged hibernation I had a dream, a dream sent to me by Fuvah himself. In this dream he told me that it was time to show once and for all that there can e only ONE God on this island, the real God, Fuvah. He told me that it was time to lay aside petty issues like groups and unite under one flag, under one group. With most of the MLF still in hibernation there could be only one choice as to which group I (and all other Fuvites for that matter) should unite in, Bad Company. So I Vlad Zin Shadowson, have now joined this mighty group of fearless and powerful Fuvites. All you who follow the path of the False Gods Kabuki and Shroud, your time has come, the time for the Great Cleansing has finally arrived, the genocide shall begin and you shall all be shown the error of your ways. You shall be hunted down and you shall all be slain, your soul claimed for the True One. I promise you this, we the followers of the One, shall not rest untill the last of you followers of the False Gods have been slain, all your temples have been desecrated and all your prayerstones and obliks have been destroyed. When the last trace of the False Gods have been removed from this island we shall rest, not one pass of the sun before that.

To All Fatties  
From Vlad Zin Shadowson all  
My life now have a higher purpose than killing you abominations, so you can feel safe in, at least for the moment being. Except those of you following the false Gods of course, it will be a real pleasure hunting down and killing you. So run Fatties follower of Kubuki and Shroud run, oh sorry I forgot, you can't...

To All followers of the True God  
From Vlad Zin Shadowson  
My brothers and sisters in faith, see the true shadow as I have, come join Bad Company, the most powerful group of Fuvites on this island. Come join us in the Great Cleansing and help us remove the followers of the False Gods. Each on our own are fearless machines of destruction, together we are an irresistible army, we are Legion. United we can lay waste to this entire island if we wanted, but that is not our purpose, for why would we harm what belongs to Fuvah? No, we shall lay waste to all that belongs to the two False Gods Kabuki and Shroud, their tempels and their followers. Come join us, come join the most powerful group on this island. In this group you will find the most powerful, most advanced and most knowledgeable monsters, those who came here on some of the very first ships. The members of Bad Company, now that the MLF have started to merge with them, have helped rebuild almost all of the Fuvah temples on this island today, we have rebuild more Towers than anyone else, we have explored more of this island than any other group, and we have since the time this island was discovered been at the very forefront of everything, and we will continue to do so. So see the truth pokens By Fuvah himself and come join us, no matter where you are.

To all Neophytes and Acolytes of Kabuki and Shroud  
From Vlad Zin Shadowson

You the Neophytes and Acolytes of the Falso Gods, you have yet a choice, renounce the way of those False Gods, join the True Path that is Fuvah. It is not yet too late for you to turn back and join the One, only those who have become their Disciples are truly doomed. Ask and any member of Bad Company will show you the way to leave your False God and join the Shadow. Those of you who have been so foolish as to become Disciples of these pathetic Gods are not so lucky, your souls will be harvested for the One, but when you stand before him you might beg for salvation and he might sow mercy upon you and clean you so you too can join the One. or he might throw you to the pit and

make you slaves to serve those brave Fuvites who have fallen in combat. When we meet any Neophytes or Acolytes we might spare your life so you can correct the error you have made, or we might slay you for your foolishness. You made your choice and you have now been warned, stay with your False Gods and you shall all die. The Great Cleansing has begone, and we shall show no mercy. If any of us slay a monster much younger than ourselves some might call us cowards picking on those who would not stand a chance, but this is WAR and anyone old enough to choose which God they want to follow is also old enough to die for his God.

To All those who have not yet picked a religious path  
From Viad Zin Shadowson

I beg of you, choose the One, choose Fuvah. Do not waste your life and endanger you soul be following one of the False Gods, those who do will all end up dead. Instead join the One and join Bad Company, together we will make this island what is was always meant to be, the Great Temple of Fuvah, where the Shadow will protect us from any harm, where we can discover the lost treasures of the ancinet civilisations that were here in ancient time. So make the right decision and come join us, or we will come to you and show you your errors with the tip of a spear and the edge of a sword. It is your choice, and your death if you make the wrong one.....
